

## Wildchild Blog: Finding your inside wildside

Hi there! I'm Kathryn, the Wildchild Officer for Transforming the Trent Valley.

Thank you for joining me for another blog post.

This post is a

**Nature Challenge!**

... I call it Spot 'n' sketch!

I decided to look out my window and whichever bird I spotted first I would draw.

I sat and looked out my window for approx. 10 minutes, spotted a House Sparrow

and here is the result...

What a House Sparrow  
actually looks like

Fun fact!  
The house sparrow is a  
very sociable bird.  
House sparrows live in  
colonies.

### Do you accept the Spot 'n' Sketch challenge?

It doesn't have to be birds; draw what nature you can see or draw something that reminds you of spring. You are welcome to send in your drawings. We would love to see what wildlife you can see and care about.

For a guide and spotter sheet to common birds you will see in your garden click [here](#).
